APPROVAL OF STATE ENGINEER
This is to certify that I have examined the foregoing appli-
cation, and do hereby grant the same, subject to the following lim-
itations and conditions:
This permit is issued subject to all prior rights on the source and is for flood and unappropriated water only. It is expressly under-
stood and made a condition of this permit that applicant will cease
diversion of water immediately upon notification from the State Engineer that a shortage of water exists in the source herein described. A
standard headgate and weir must be installed at or near the point of
diversion to facilitate the measurement and control of water. The State reserves the right to regulate the use of the water herein granted at
any and all times. It is distinctly understood that applicant agrees to the terms herein contained. The amount of water to be appropriated shall be limited to the
amount which can be applied to beneficial use, and not to exceed
Eight (8.0) cubic feet per second.
Actual construction work shall begin on or before July 9, 1917.
Proof of commencement of work shall be filed before August 9, 1917.
Work must be prosecuted with reasonable diligence and be completed
on or before July 9, 1919.
Application of water to beneficial use shall be made on or before
November 9, 1923. Proof of the application of water to beneficial
use must be filed with State Engineer on or before December 9, 1923.
Mac filed JUN 18 1918 WITNESS MY HAND AND SEAL this 9th, day
